

Safeguard Microsoft Surface Go tablets from damage due to drops, bumps, and scratches with the custom-fit Extreme Shell case. Rugged, shock-absorbing TPU bumpers surround the impact-resistant polycarbonate back cover, along with every edge, including the kickstand. The precise fit enables full use of the kickstand and all ports, plugs, speakers and controls. Fully compatible with the Microsoft Type Cover or similar keyboard, the Extreme Shell enables easy keyboard add and detach for your typing convenience. The integrated holder keeps the stylus close at hand, while the non-slip kickstand footer adds stability. The clear back panel provides visibility to asset tags for easy scanning.

Extreme Shell[®] for Surface Go 1/2/3

Extreme protection for the classroom and beyond

Extreme Shell® for Surface Go 1/2/3

Extreme protection for the classroom and beyond
