

Tough enough for the youngest learners, the Shield Extreme-M offers ideal iPad protection for early childhood classrooms – and any other iPad environment. Custom-molded for a perfect fit, this rugged case delivers premium protection for 5th and 6th gen iPads, with enhanced, shock-absorbing silicone bumpers, a commercial-grade screen protector and hard polycarbonate back panel. A sturdy, built-in holder keeps stylus or Apple Pencil close at hand, while the removable slide-out kickstand enables wobble-free viewing. For a solid single-handed grip, swap the kickstand for a rotating hand strap (optional & sold separately). The snug, custom fit provides frustration-free access to microphone, speaker and charging ports. The clear back enables easy access to asset tags.

Shield Extreme-M

Premium, ultra-rugged protection & functional features

Shield Extreme-M

Premium, ultra-rugged protection & functional features
