

Custom-fit for HP 14"
ProBooks and EliteBooks

Featuring MAXCases' patented slide-on top design, the Extreme Shell-FL Slide Case lightens the load and features a streamlined PC bottom for an easier fit in charge carts. The patented top provides for easy slide-on installation and enhanced screen protection by dispersing pressure evenly around the perimeter. Dual layers of tough TPU surround the clear PC of the top case, for outstanding impact and drop protection. The slim bottom side of the -FL design reduces carrying weight, without sacrificing durability or protection, while providing crystal-clear visibility to asset tags. The custom fit ensures easy access to all buttons and ports. For added convenience, this updated design accommodates a handy carrying strap that fits snugly against the case (sold separately). Tested to meet MIL-STD 810H for two-foot drops.
