

Extreme KeyCase

Extreme KeyCase-X

The Extreme KeyCase provides two ways to transform gen 7/8/9 iPads for laptop-like typing, while also protecting them against damage from drops, dings, bumps and spills. The modular model (Extreme KeyCase) attaches the keyboard via magnetic Smart Connector for mobility and versatility. The integrated model provides all-in-one simplicity. Both models deliver laptop-like typing that lets users learn, study, work or play comfortably for hours. Both feature tamper-proof keys and a water-resistant keyboard with integrated channels that drain liquid quickly in the event of spills.

Extreme KeyCase w/ Smart Connector

Rugged iPad Protection w/ Detachable or Integrated Keyboard

Extreme KeyCase w/ Smart Connector

Rugged iPad Protection w/ Detachable or Integrated Keyboard
