

This slim folio case offers protection and style in a sleek design. The slight overhang cover delivers added edge and corner protection, while the custom-fit inner edge provides a secure fit. The built-in stand enables several ergonomic viewing and typing angles, while the smart on/off cover adds convenience and saves battery life. The precise design ensures easy access to all device functions, including the camera, microphone, speakers, and charging ports. The exterior card holder provides for easy and visible identification.
